

## **“NO DUDS from our STUDS”** © 2009

***The SILVERCLOUD FARM'S “BREEDING STOCK GUARANTEE offered only at Silvercloud Farm!***

It's been nearly 10 years now that we've been breeding & selling alpacas. In our travels on the show circuit, at auctions and on farm visits, the issue that seems to come up most with fellow breeders is the game of roulette we all play when it comes to paying high stud fees.

Paying a breeding fee ranging anywhere from \$1,000 to even \$10,000 is quite a gamble if you wind up with a fiber quality male or female. With that in mind, we are pleased to introduce . . . **SILVERCLOUD FARM'S BREEDING STOCK GUARANTEE**, or . . . as we like to call it, **“NO DUDS from our STUDS”**. © 2009

Here's your opportunity to breed your females to one of our **HIGH IMPACT HERDSIRES FOR \$500**. If you are not happy with the results, **NO other FEES will apply!** Also, if you elect to register the offspring as anything other than a breeder, again, **NO additional FEES** will apply.

Here's how the program works:

**The Stud fee for any of these males below is \$500.00.**

**SCF CHEWBACCA/EVANDER/MAPLE BROOK SAPPHIRE/SCF MINT D'OR/SCF LUCKY LUCIANO**

This fee covers the breeding service. *(If you elect to board your female at Silvercloud Farm, additional fees will apply).*

When it comes time to register the offspring, and you elect to register the cria as a BREEDER (**AND WE ARE CONFIDENT YOU WILL!**) you will receive an invoice for the balance due. If you do not register the offspring as a breeder **NO other FEES** will apply.

This offer demonstrates the confidence we have in our Herdsires. More importantly (to our breeding customers), it offers a no risk investment when it comes time to breed your females to one of Silvercloud Farm's Champion Producing Herdsires!
